DOCKETED BY	nr
-------------	----

1. A statement setting forth the reasons for which a rate increase is required.

PAETEC has experienced a nationwide increase in costs associated with providing long distance inter-exchange telecommunications services.

2. Is there a cost based justification for the rate increase (i.e., is the rate increase necessary to account for a change in your costs)? If yes, please describe the change in your costs. Provide calculations and data to support your cost justification.

There is no direct cost based reason for the increase in prices.

3. Provide a schedule of current rates and proposed rates and the additional revenues to be derived from the proposed rates.

Current Tariff Rates:

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

Charges Based on Duration of Use (Cont'd)

3.2.8 Each call is rated and billed in whole cents according to the following conventions:

2. Commercial. For services offered by Carrier, any rated call with a fraction of a cent less than \$0.005, will be rounded down to the nearest whole cent with no call rated at less than \$0.01. Any rated call with a fraction of a cent \$0.005 or greater, will be rounded up to the nearest whole cent.
3. Residential. Calls made using any service offered to residential Subscribers will be rounded up to the nearest cent at the termination of a call.
4. Exceptions. Special rounding arrangements may be made through contractual arrangements.

3. Provide a schedule of current rates and proposed rates and the additional revenues to be derived from the proposed rates. (CONT'D)

Proposed Tariff Rates:

SECTION 3 - DESCRIPTION OF SERVICES (Cont'd)

3.2 Charges Based on Duration of Use (Cont'd)

3.2.8 Each call is rated and billed in whole cents according to the following conventions:

1. Calls made using any service offered by the carrier are rounded up to the next cent at the termination of the call.
2. Exceptions. Special rounding arrangements may be made through contractual arrangements.

4. An affidavit verifying that appropriate notice of the proposed rate increase has been provided to customers of this service.

Please see Attachment B.1

5. A copy of the customer notification sent to customers.

Please see Attachment C.1

PJG1-1 Please list the services offered by PAETEC to both business and residential customers that will be affected by the proposed rate increase.

There will be no affect to residential customers with this proposal as their calls have always been rounded this way.

Commercial customers using any of PAETEC services under this tariff will be affected. These include, Long Distance 1+ and Toll-free calls.

PJG1-2 Please explain if all calls made using any service offered by PAETEC will be rounded up to the next cent at the termination of the call.

Yes, all calls using any service offered by PAETEC resulting in a fraction of a cent will be rounded up to the next cent at the termination of the call.

PJG1-3 Please explain under what circumstances the calls will be rounded up to the next cent at the termination of the call.

Under all circumstances call usage resulting in a fraction of a cent will be rounded up to the next cent at the termination of the call.

PJG1-4 Please explain under what circumstances the calls will not be rounded up to the next cent at the termination of the call.

Under no circumstances will calls resulting in a fraction of a cent not be rounded up to the next cent at the termination of the call unless individually contracted otherwise.

PJG1-5 Please clarify if all business and residential customers will be treated in the same manner when determination is made whether or not to round up to the next cent in the termination of the call.

Yes, under this proposal all business and residential customers will be treated in the same manner when determination is made whether or not to round up to the next cent in the termination of the call.

This was not the case previously as the two customer classifications they had dissimilar rounding conventions.

PJG1-6 Please explain how the Company believes its proposed rate increase compares to similar services offered by its competitors. List three companies that are your competitors in Arizona. For each of the competitors identify the services that are comparable to your services in which the Company proposes to increase the per call duration of use rate. Also, furnish the source(s)/ information of each in making this comparison.

***Although you have only requested we provide three competitors with comparable services I am able to provide more should you request them.*

~ Sources of information (relevant tariff pages) provided as attachments.

PJG1-7 Please explain if the services impacted by the rate increase for business and residential customers area being enhanced with new or additional features.

There will be no new or additional features for these impacted services.

PJG1-8 Please explain when the maximum and current per call duration of use rate for business and residential customers were previously increased.

The maximum and current per call duration of use rate for business and residential customers have never been previously increased since this tariff's inception.

PJG1-9 **Please confirm or correct the existing Actual and Maximum per call duration of use rate for business and residential customers that the Company proposes to increase.**

PAETEC is only proposing the change for business customers. The existing actual per call duration of use rate for all calls made using any service offered by PAETEC resulting in a fraction of a cent for usage will be rounded up to the next cent at the termination of the call under the Company's proposed increase.

PJG1-10 **For each service with an associated per call duration of use rate that the Company proposes to increase, please provide:**

- a) The number of customers impacted (please provide a reasonable range or estimate)**
- b) Total annualized revenue associated with all customers under the existing current and maximum rates (please provide a reasonable range or estimate)**
- c) Total annualized revenue associated with all customers under the proposed current and maximum rates (please provide a reasonable range or estimate)**

- a. PAETEC has a total of 61 customers that this service would impact.*
- b. And c. The total annualized Arizona revenue for all customers under the proposed change would see an increase of approximately \$44.37. These would be commercial customers only as residential customers are already billed this way.*

PJG1-11 **Please explain if the expected effect of this filing on the Company's Arizona revenues is less than 1%, from 1-5%, etc.**

PAETEC revenues resulting from the affect of this filing within the state of Arizona amount to less than 1% of the total revenue derived from Arizona operations.

PJG1-12 Is the proposed per call rate increase for business and residential customers in Arizona the same charge as those charged by the Company in other states? If not, please explain. Is the proposed per call rate increase for business and residential customers in Arizona a nationwide change? If not, please explain.

Yes, the proposed per call rate increase for business customers in Arizona is the same charge as those charged by the Company in other states.

Yes, the proposed per call rate increase for business customers in Arizona is a nationwide change.

PJG1-13 How much annual residence and business customer revenue does the Company estimate it will derive from the proposed rate increase?

There will be no additional residential customer revenue the Company will derive from the proposed rate increase.

The Company estimates it will derive approximately \$44.37 annual revenue from business customers from the proposed rate increase.

PJG1-14 In which states does the Company have the proposed rate increase implemented? For states in which the Company has the proposed rate increase implemented, please provide the dates when those tariffs were approved.

Below are several, but not all, of the states in which PaeTec has had the proposed rate increase implemented, along with the dates when those tariffs were approved.

PJG1-15 In which states, other than Arizona, does PAETEC have tariffs pending for the proposed rate increase?

None. All of the tariffs filed in states, other than Arizona, for this proposed rate increase have been accepted.

PJG1-16 Is PAETEC in full compliance with all Commission's Decisions, reporting requirements, and addressed all Consumer inquiries and/or complaints in the Utilities Division?

Yes, to the best of my knowledge PAETEC is in full compliance with all Commission's Decisions, reporting requirements, and addressed all Consumer inquiries and/or complaints in the Utilities Division.

PJG1-17 Is PAETEC in "Good Standing" with the Corporations Division of the Arizona Corporation Commission?

Yes, to the best of my knowledge PAETEC is in "Good Standing" with the Corporations Division of the Arizona Corporation Commission

PJG1-18 Please indicate PAETEC's fair value rate base, the value of all assets under Arizona's jurisdiction.

PAETEC's approximate fair value rate base, the value of all assets under Arizona's jurisdiction, is \$7,900.00

PJG1-19 Did you provide 60 days notice to affected customers of the proposed tariff changes as required in R14-2-504 (B) (2.)?

Yes.

No, PAETEC does not currently have a performance bond in Arizona.

SECTION 6

RATES AND CHARGES

6.1 DESCRIPTION OF CHARGES AND RATE COMPONENTS

Intrastate communications charges are based on a flat minute of use rate multiplied by the appropriate incremental billing seconds as shown in § 6.1.1 below. The duration of each call will be rounded off to the nearest higher increment for billing purposes. Additionally, fractional cents will be rounded off to the nearest higher cent.

Monthly recurring usage charges are billed in arrears.

B. Timing of Calls

Long distance usage charges are based on actual usage. Chargeable time begins when a connection is established between the calling station and the called station. Chargeable time ends when either party "hangs up" thereby releasing the network connection. If the called station hangs up, but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the network. Chargeable time does not include time lost because of faults or defects in the connection.

The minimum call duration and rounding of calls for measurement and billing purposes is six (6) seconds. The duration of each call will be rounded off to the nearest higher increment for billing purposes. Fractional cents will be rounded to the next higher cent.

8.2.4 Call Charges

A. Description

Rates are based on the duration of the call as measured according to Section 8.2.2 above and the time of day rate period of the call as described in Section 8.2.3. In addition, where live or automated operator assistance is required for call completion or billing, a per call service applies.

Charges for all classes of calls may be to the calling station, to the called station when the called party agrees to accept the charges, to an authorized telephone number which is not the called station or the calling station (3rd number billing), or to an authorized calling card.

B. Maximum Rates and Charges

PAETEC Communications, Inc. affirms that the following customer notification has been sent out to all Arizona customers affected under this proposed tariff change.

"In alignment with common industry practices, PAETEC Communications, Inc. ("PAETEC") is proposing the following changes to its rates and charges:

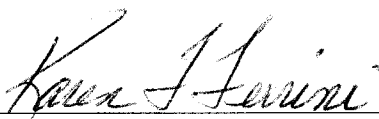

Fractions of a penny on Long Distance usage will round up to the next whole penny in the final call cost.

Currently, calls with a fraction of a cent less than \$0.005 are rounded down to the nearest whole cent; calls with a fraction of a cent \$0.005 or greater are rounded up to the nearest whole cent.

These changes may increase your total charge. These changes will be voted on at a future Open Meeting of the Arizona Corporation Commission (Commission). These changes will become effective only upon approval by the Commission. If you should have any questions, please contact your PAETEC account manager or PAETEC Customer Service at 877-340-2600. If you have further questions, you may contact the Consumer Services Section of the Commission at 602-542-4251 or 1-800-222-7000 or you may go to its website at <http://www.cc.state.az.us>"

In alignment with common industry practices, PAETEC Communications, Inc. ("PAETEC") is proposing the following changes to its rates and charges:

Fractions of a penny on Long Distance usage will round up to the next whole penny in the final call cost.

Currently, calls with a fraction of a cent less than \$0.005 are rounded down to the nearest whole cent; calls with a fraction of a cent \$0.005 or greater are rounded up to the nearest whole cent.

These changes may increase your total charge. These changes will be voted on at a future Open Meeting of the Arizona Corporation Commission (Commission). These changes will become effective only upon approval by the Commission. If you should have any questions, please contact your PAETEC account manager or PAETEC Customer Service at 877-340-2600. If you have further questions, you may contact the Consumer Services Section of the Commission at 602-542-4251 or 1-800-222-7000 or you may go to its website at <http://www.cc.state.az.us>
